Our Insurance Products

CRITICAL ILLNESS AND TRAUMA

BenExtend will provide coverage regardless of current or previous health conditions. We'd like to think science can stop contagious diseases in their tracks, but outbreaks such as the flu, SARS, COVID-19, along with issues related to trauma, have shown that's not always the case. With hospitalization, secondary critical illnesses, term life, and counseling benefits included, the AflacBenExtend product is a well-rounded plan to protect you and your loved ones from the unexpected.

CRITICAL ILLNESS

Lessen the burden of out of pocket expenses, if you are diagnosed with one of the covered conditions. You can purchase up to \$35,000 without answering medical questions. Dependent coverage is available for your spouse and children.

HOME/AUTO

Nearly everyone needs cost-effective auto, homeowners or renters insurance. Monthly premiums can be payroll deducted for your convenience.

FINAL EXPENSE

Final expense insurance is typically a smaller permanent life insurance policy designed to protect your loved ones from the responsibility of covering costly final expenses when you're gone, such as medical bills, funeral expenses, and unanticipated costs. These plans offer guaranteed coverage with no medical exam, choice of coverage amounts, and premiums guaranteed not to increase. Additionally, this final expense offering may include guaranteed access to additional life insurance coverage over time.

PERMANENT/WHOLE LIFE

Permanent life insurance ensures you and your family are protected for the life of the policy. This coverage offers guaranteed cash value that can grow over the years. The plan will remain in force as long as premiums continue to be paid, and your premiums cannot be increased. Eligible members may purchase coverage for themselves, spouse, unmarried dependent children through age 25 and grandchildren to age 15.

LONG-TERM CARE

This policy is designed to assist the person who has lost some or all ability to care for themselves due to an illness or accident. Services can be provided whether you are living in a private residence, assisted living facility or a nursing home. Your long-term insurance plan can be customized to fit your needs.

IDENTITY THEFT

Protect your identity and online privacy with Allstate's Identity Protection. This plan provides advanced identity monitoring and watches the dark web for breached data.

CANCER

Cancer insurance pays benefits to help pay for some of the direct medical and indirect non-medical costs related to cancer diagnosis and treatment. It has an optional \$10,000 initial diagnosis benefit. This insurance can help pay for expenses that your health plan isn't designed to cover, like deductibles, coinsurance and travel to and from cancer treatment centers. Most plans offer options to help protect your spouse or children, as well.

Whole Life vs Term Life INSURANCE

What's the difference?

	TERM	WHOLE
COVERAGE	Provides coverage for a specific amount of time.	Provides lifelong coverage.
COST	Provides the most affordable coverage.	Costs more than term life insurance.
PREMIUMS	Your premium can fluctuate based on age or a reduction schedule.	Your premium remains the same for your entire life.
CASH VALUE	<p>The policy provides no cash value but offers a lower premium.</p> <p>Often provides protection for specific times of need, such as mortgage or a child's college tuition.</p>	<p>Has a tax-deferred cash value that grows over the life of the policy, meaning you won't have to pay taxes on the gains while they are accumulating.</p> <p>Cash value can be borrowed against the policy if needed for any reason. If you don't repay the policy loans with interest, you will reduce your benefit.</p>
PAYOUT	Payout happens only if you pass away while you're covered. Otherwise, the payout ends when the term expires.	Payout happens when you pass away, or when it matures –typically at age 95 or older.
GUARANTEE	The benefit is guaranteed over a specific term.	The benefit is guaranteed over your lifetime.

Accident

Underwritten by Boston Mutual

While many health insurance plans will cover most of the major expenses, you could still be left with out-of-pocket expenses such as co-payments, deductibles, transportation and lodging costs and emergency room expenses.

Group Accident Coverage complements your medical coverage by providing you with a benefit payment for covered medical services once your coverage is effective. This payment can be used as you see fit, especially to help with the out-of-pocket expenses you may incur as a result of an accident.

- 1 out of 8 people each year seek medical attention for an injury.
- The average household cost associated with lost wages, medical and other injury related expenses is \$6,700.
- There are over 40 million visits each year to hospital emergency rooms for treatment of an injury.
- 39% of all injuries occur in or around the home.
- 71% of all unintentional injury-related deaths occur off the job.

Long-term Care

Long-term care insurance provides a pool of money to help you cover the expense of care in your own home, an assisted living facility, an adult day care center or a nursing home. Besides your personal savings and retirement income, Medicare (your health insurance after age 65) may pay up to 100 days in a skilled facility AFTER a 3-day hospital visit. Medicaid only covers long-term care if you spend down your assets to very low levels. Long-term care insurance is designed to pick up and provide coverage where Medicare and your State Health supplement leave off.
