DECEMBER 2020

NEW!

Exclusive new benefit
for **ALL** members,
including retirees!

Aflac[®]

BenExtend[®]

Aflac is excited to offer to **ALL SEANC members, including retirees**, the new BenExtend product. BenExtend coverage is **guaranteed-issue**, which means you may qualify for coverage without having to answer health questions.

We'd like to think science can stop contagious diseases in their tracks, but outbreaks such as the flu, SARS, COVID-19, **along with issues related to trauma**, have shown that's not always the case.

We simply need to be prepared.

We've developed a plan that's among the first of its kind: BenExtend. In addition to paying benefits for diagnosis and treatment of a covered disease, illness or trauma, it also provides coverage when recovery gets more difficult.

With hospitalization, critical illness, term life, and counseling benefits included, the Aflac BenExtend product is a well-rounded plan to help protect you and your loved ones from the unexpected.
